Dear President Trump,

My goal as the founder of Shine On Global Streaming Network (SOG) is to finalize the development of an independent network that rejects the Far-Left poisoning of our society and expresses a more optimistic, conservative, and patriotic vision of America.

I would like to work in partnership to create a shared vision of a strong, united America. The Shine On Global organization will greatly contribute to the Republican party in the upcoming, and future, elections in the following ways:

- Garner support from a significant percentage of the accumulated 26.6 million IP addresses and hits across 140 countries as a viable point of influence.
- Gain substantial backing from numerous Hollywood Power Players currently operating under the radar, BUT who support conservative values and causes through SOG.
- Establish SOHM as a major publication dedicated to the conservative voice in the field of arts and entertainment.

We hope to meet with your team to discuss how our role at SOG can be implemented in the fight for America and its values.
